

## *“They know my business”*

“We have a really great relationship with ASSET. They do a lot of the screening work. They get to know the clients before they send their resumes to us. They also know my business, so the people they send are a great fit for our team.”

### **Doug Wood**

Citywide Environmental Services,  
Queen Victoria Market

“It was good having the contact with ASSET. I knew that I had the support if there were any issues that needed to be raised with Ibrahim. The whole process was very simple. **It was the easiest recruitment arrangement I’ve made in 36 years.**”

### **John Dever**

Barrister’s Clerk, Melbourne.

## Who we are

ASSET is a multifaceted training and recruitment service that supports asylum seekers to contribute to their community through employment. ASSET adopts a partnership approach to recruitment, building long-term relationships with asylum seekers and their employers. ASSET receives no payment for its services. We have one aim - the right person for the right job.

*“the **right** person for the **right** job.”*
